40 minutes from The world-famous
Alhambra Palace

Additional Information:

Welcome to Andalusia in Southern Spain, where Moorish history, vibrant culture and breathtaking landscapes come together.

Just forty minutes from Granada, your retreat venue overlooks Albuñuelas, one of the valley's most authentic white villages. Surrounded by mountains and fertile lands of almond trees, orange groves, and avocado orchards, it retains its rich agricultural tradition.

Crystal-clear ravines invite refreshing hikes, while the village's Andalusian heritage is visible in its old washhouses, street layout, and the Arab tower that recalls centuries of history.

I'm Mary, the founder of Hathago Ltd and this will be my seventh yoga retreat, where like-minded people come together to reap the rewards of a daily practice, to strengthen and relax both the body and the mind. It's always heartwarming to watch how inclusive and welcoming all the guests are to one another. Sometimes they arrive as strangers and leave with lasting friendships. All classes are optional and aimed at all the different abilities in the room. If you have a partner who has never tried yoga, bring them along and they can choose whether to join in or enjoy the beautiful grounds of this special space.

Included in your holiday is an entrance ticket to The Alhambra Palace with its Nasrid palaces, fragrant gardens, and stone secrets—it is far more than a monument: it is a journey through time. Walking through its silent halls, with the city at your feet and the Sierra Nevada in the distance, is an experience that leaves a lasting impression. Visiting the Alhambra is considered one of the jewels of the world's heritage, this palace complex is also among the most visited UNESCO sites on the planet.
